Mr. Clements opened the Urban Transportation Commission meeting at 6:10 p.m.

F#8214-0505 Vacation of a portion of West Live Oak Street west of Wirtz Avenue

Mr. Alex Papavasiliou, Property Agent with Real Estate Services with the Public Works Department, stated this application was submitted by the City of Austin Housing Authority to incorporate that part of West Live Oak Street with the redevelopment of the current City of Austin Housing Authority facility. His understanding is they are planning to use that portion for parking, because the current area used for parking will have some improvements.

Mr. Murray Legge and Mr. Jim Teasdale were at the meeting to answer questions. Mr. Legge said there is an existing building on the Meadowbrook site that is dilapidated and is going to be torn down and replaced with a building that is adjacent to that section of Live Oak that dead ends at their property. Currently, that section of Live Oak is used for parking, and the proposed future use is to continue using it for parking.
